

SAS Agreement 2011 Copyright and Home Use Acknowledgement

I agree that my usage of any software, computer readable dataset, courseware or other similar material ("the Product") issued or otherwise made available to me by the institution of which I am a student or member of staff (the "Institution") is subject to the following conditions:

1. I will ensure that all the requirements of the agreements, contracts and licences under which the Product is held by the Institution will be maintained. (Copies of the relevant agreements, contracts and licences may be seen by application to the school or department which made Product available.)
2. I will adhere to the regulations governing the use of any service involved in the provision of access to the Product whether these services are controlled the Institution or by some other organisation.
3. I will not remove or alter the copyright statement on any copies of the Product used by me.
4. I will ensure the security and confidentiality of any copy released to me, and will not make any further copies from it or knowingly permit others to do so, unless permitted to do so under the relevant licence.
5. I will use the Product only for purposes defined, and only on computer systems covered, by the agreement, contract or licence.
6. I will only incorporate the Product, or part thereof, in any work, program or article produced by me, where this is permitted by the licence or by "fair dealing".
7. I will only incorporate some part or version of the Product in any work produced by me with the express permission of SAS or unless this is permitted under the Licence
8. I will not reverse engineer or decompile the software products or attempt to do so unless this is explicitly permitted within the terms of the Licence for the use of the Product.
9. I will return or destroy all copies of the Product at the end of the course/year/period of employment or when requested to do so.

In signing this copyright and home use acknowledgement form I understand that the Institution reserves its right to take legal action against individuals who cause it to be involved in legal proceedings as a result of violation of its licensing agreements.
